

Bedtime Story For the Little Ones

UNCLE WIGGILY AND THE FLAG.

By HOWARD R. GARIS.

"Hi! Hi! Hi! Hurray!"

"Bang! Bang! Bang!"

Three cheers and another

war!"

Out in front of the hollow stump

bungalow of Uncle Wiggily Long-

ears, the rabbit gentleman, a crowd

of boys and girl animals were stum-

ping and cheering.

"Hi! Hi! Hi! What's it all about?"

asked Dr. Possum as he came along

with his bag of pills and powders

on his tail, where opossums carry

everything. "What has happened?"

"Uncle Wiggily has just raised a

flag on account of the war," said

Johnnie Bushytail, the boy squirrel.

"And we're all cheering because we're

so glad we live in a flag country."

"We're all going to have a flag, too,"

"Fine!" cried the animal doctor.

"But I didn't hear anything about a

war. I've been too busy during the

Woodland folk of the epidemic, I

suppose."

"You didn't hear about the war?"

exclaimed Sammie, the little

tall, the rabbit, who had cheered so

hard that his pink nose was going

in and out like an accordion when

the circus elephant plays fast music

on it. "Why?" cried Sammie, "the

mosquitoes have gone to war against

us, and Uncle Wiggily has hoisted

his flag to show he isn't afraid. Hi!

Hi! Hi! Hurray! Bang! Bang! Shoot

off the gun!"

"Hi! That's what I say, too!" ex-

claimed Dr. Possum. "Well, I'm not

afraid of mosquitoes either. I have

in my medicine bag, some talcum

powder to shoot them, and if they

come or any of my friends I'll put

some with hazel on the bites. Still,

I'll raise a flag, too, in front of my

house, and away hurried Dr. Pos-

sum to do that.

As for Uncle Wiggily, he and Nurse

Jane Furry Waxy, his muskrat lady

housekeeper, looked at the red, white

and blue flag as it waved in the wind

on top of a pole over the hollow stump

bungalow, and Uncle Wiggily took

off his tall silk hat and made a low

bow to the banner for one must al-

ways salute the flag.

Dr. Possum is going to have a

flag at his house, too, said little

Squeaky Eeky, the little cousin

mouse. "He was just here looking at

yours and he's going to raise one,

too."

"Fine!" cried Uncle Wiggily. "I

must take a little walk over and

see Dr. Possum's flag, and perhaps

on the way, I may have an adventure

—who knows?"

So, after he had seen that his flag

was beautifully waving in the breeze,

Uncle Wiggily, taking his red, white

and blue striped rheumatism crutch,

and Nurse Jane had gnawed for him

out of a corn stalk, started off over

the field and through the woods

to see Dr. Possum's flag.

The old rabbit gentleman had not

gone very far before, all of a sud-

den, out from under some bushes in

NEWS NOTES FROM MOVIELAND

By DAIST DEAN.

Douglas Fairbanks, Mary Pickford and Estelle Lindsey.

THREE real notables recently met

in Los Angeles. Two of them

were picture stars whose com-

bined salaries total \$1,000,000 a year.

The other was Estelle Lindsey, who

as a member of the Los Angeles city

council has won a wide reputation.

Miss Mary Pickford wished to intro-

duce Miss Lindsey to Douglas Fair-

banks, and the camera man was pres-

ent on this interesting occasion. It

recently leaked out that Miss Pick-

ford's income from pictures this year

will be at least \$500,000, and that

Douglas Fairbanks' income on the

screen will net him a similar sum.

WHY MARY'S POPULAR

Vachel Lindsay, poet, tramp and

expert of pictures, gives this theory

of the reason for Mary Pickford's

great popularity:

"Why do the people love Mary?"

Because of a certain aspect of her

face in her highest mood. Botticelli

painted her portrait many centuries

ago, when by some necromancy she

appeared to him in this phase of her-

self.

The people are hungry for this

little fine and spiritual thing that

Botticelli painted in the faces of the

muses and heavenly creatures. Be-

cause the mob catches the very

glint of it in Mary's face they

follow her night after night in the

films."

CIVIL SERVICE COMMISSION

CLEARS HALL AND SIMPSON

Capt. Lee Hall and Sgt. W. A.

Simpson, of the police department,

were Saturday afternoon exonerated

before the civil service police and fire

commission of a charge of discrimi-

nating in favor of one attorney

against another. The charge was that

the officers had released G. C. Van on

April 25 on a bond signed by P. E.

Gardner, after the bond of Victor

Moore had been refused. The witness,

Van, testified he did not instruct the

officers to telephone for any particu-

lar attorney.

BEAUTY CHATS.

By Edna Kent Forbes.

Eat Fruit for Beauty.

Fruit will be plentiful again be-
fore long, and the woman who
wants to cultivate her looks
should make a habit of eating quan-
tities of fruit every day. There is a
certain benefit from the acids in the
fruits that will improve her diges-
tion, her health, her complexion.

Women rarely eat enough fruit.
One should take a half a grapefruit
with breakfast, or a whole orange,
or the juice of an orange squeezed
into a glass. Or, a half a lemon,
squeezed into a glass of hot water,
without any sugar. Raw or stewed
fruit should be taken with some other
meal, fruit salad, perhaps, or fruit
for a dessert. And a couple of juicy
apples should be eaten as well. Apples
can be eaten between meals without
hurting the digestion, though few
other foods can.

The woman who wants to reduce
can eat all fruits except bananas and
grapes as these contain fat produc-
ing ingredients. The thin woman can
eat all fruits, for the additional ones
will only help counteract the starchy
foods she must take to gain flesh.

And with so much fruit going to
waste in the orchards of the country,
and with food as scarce and dear as
it is going to be, it would be a na-
tional economy as well as a personal
gain, to eat and to preserve all the
fruit that is grown.

Anemic women should eat plenty
of grapes and make grapejuice to
drink with, for this helps produce
fresh blood. Acid vegetables like
tomatoes, are also cooling and healthy
in the summer months.

Worried Lady—Send me a self-
addressed stamped envelope for tonic
to make the hair grow. To get faster,
drink lots of milk every day, and
rest as much as you can.

J. M. M.—Don't use cocoa butter on
the face. It is too heavy for the fine
complexion, use a flesh building
cream and massage there. Use cocoa
butter on the rest of the body, if you
wish.

Fruit is healthful and economical.
It comes in sticks or cakes,
and is cheap.

Bare—Your letter was answered
personally some time ago. I remem-
ber it personally. Doubtless you have
received the reply already.

A. C. D.—Get a powder to cure nits
from your druggist. Send me a let-
ter with a self-addressed stamped en-
velope enclosed and I will send you
the tonic you need. Wash the hair
every two weeks and rub an egg into
the scalp a half hour before wash-
ing. This will keep it the prettiest
blond color you want.

MEALS AT FOUR CENTS IN
DUBLIN COMMUNAL KITCHENS

Dublin, Ireland, May 14.—Three
communal kitchens, at which four
cent meals are supplied to all comers,
have been opened in Dublin.

erty, 464 E. 12th St., El Paso.

There is a promising way for the
army and whatever concerns military
affairs. The rise of a man with great
ability is prognosticated. Sweeping
changes in command are foretold.

Under this rule the United States
should experience great encourage-
ment in regard to some foreign con-
nection or negotiation.

While trouble over treaties and in-
ternational agreements is foreseen,
these should not be discarded on
American diplomacy.

The evening of this day should be
most favorable for the discussion of
trade or commerce. State banquets
have the best possible direction.

This is a lucky day for any sort
of travel. Neptune has a warning for
those who journey on water.

There is a very prominent aspect
for all who conduct summer hotels or
boarding houses. An extraordinary
explosion from New York and other sea
coast cities is predicted.

Railways accidents are foretold.
These may be peculiarly numerous
and may result in loss of many lives.

Saturn is not encouraging to the
aged, who suffer much from the in-
firmities common to the old.

The public health should be safe-
guarded with unusual care in all
large cities during the coming sum-
mer.

Again honors and unusual promi-
nce appear to be indicated for the
vice president.

A woman pioneer in legislative af-
airs will win fame by advocating a
humanitarian measure that will ben-
efit children.

Women should submerge their in-
terests in the common weal during
the summer months, if they hope to
win political success, the stars warn.

Persons whose birthdate is 18 should
avoid new enterprises in the coming
year. Young women should be careful
in their conduct.

Children born on this day may meet
with opposition from powerful ene-
mies. These subjects of Mars suc-
cessfully have great perseverance and suc-
ceed in the face of all obstacles.

POLICE NOW BELIEVE YOUNG
GIRL COMMITTED SUICIDE

Chicago, Ill., May 14.—Three days'
investigation has convinced the police
that 13-year-old Grace Hageman
killed herself, either because of jealousy
of her chum, Doris Anderson, or
because of unrequited affection for
a school boy friend.

Doris Anderson, who has been held
since the tragedy, in the belief that
she might have been instrumental in
the death of her friend, insists that
Grace killed herself accidentally, thinking the pistol not loaded.

HIGH SHERIFFS OF THE SOUTH NOW CONVINCED

Sheriff Mangum of Atlanta, Ga., Sheriff Anderson of Houston, Texas, Sheriff Lewis of Marion, Ark., and Sheriff Kelley, of Odessa, Texas, Come Out With Strong Statements and Tell What Tanlac Has Done for Them.

FOUR leading Sheriffs of the South in widely separated states—have recently given their unqualified endorsements to Tanlac. The word of men whose records for honesty and uprightness has won and held for them the highest county office in the gift of the people of their own communities, cannot be doubted, for if there is any office that demands a man of unimpeachable integrity, it is the office of sheriff.

"Tanlac has certainly helped me and I recommend it for the good it has done in my case," said Hon. C. W. Mangum, ex-sheriff of Fulton County, Georgia, who resides in Atlanta and who has been one of the most popular sheriffs in the state, having served three terms as sheriff. "I am seventy years old," he continued, "and have most always been a pretty healthy man until here lately. I have been in a nervous, worried, run-down condition. Most always after eating I would have a full, uncomfortable feeling which would last several hours."

"After taking the second bottle of Tanlac the fullness and all the disagreeable symptoms disappeared, and my condition is now that of a different man. Tanlac seemed to be just what I needed to put my system in shape, and it has done so. I feel like a new man. I would recommend it to my friends, and I know of fifteen or twenty others who are taking it now on my say-so."

Arkansas Official Testifies.

Hon. Chas. J. Lewis, ex-sheriff of Crittenden County, Arkansas, and a large plantation owner, of Marion, Arkansas, said: "I am convinced from the benefits that my wife and myself and many of our friends have received from Tanlac, that it is without an equal. Mrs. Lewis suffered for ten years. She could not digest anything and gas forming in her stomach caused severe pains and shortness of breath. We both started taking Tanlac at the same time and have had the most gratifying results. Mrs. Lewis can now eat and enjoy her food for the first time in many days. She is not nervous and her sleep is sound and refreshing and she is like a different woman."

"I suffered with biliousness and malaria for two years. Tanlac has fixed me up in fine shape."

Ex-Sheriff Anderson's Statement.

"I could not say the best of Tanlac has done me and I gladly recom-

mend it to others for what it has done in my case," said Hon. Archibald R. Anderson, ex-sheriff of Harris County, Texas, who was re-elected to this high office seven times and served the people of his county for fifteen years as sheriff. He is now Sheriff of the City of Houston, where he resides, for several years, and there is not a better known man in Harris county.

"I was continually belching up undigested food," he continued, "and I would bloat and swell up like I was poisoned and suffered from neuralgic pains of the worst sort and nothing relieved me. I began to feel better after taking my first bottle of Tanlac and have just started on my third and feel like a different man already. I sleep like a log now and can eat any and everything I want without the slightest discomfort afterwards."

Texas Sheriff's Endorsement.

"I needed a general all around building up for the last seven months and Tanlac has done that very thing for me," said Hon. A. A. Kelley, Sheriff of Ector County, Texas, who resides at Odessa, Texas, and who is one of the most popular officials in that section of the state. "I might as well say that I took Tanlac, for I have been in a badly run-down condition for several months. I had no appetite and didn't enjoy what I did eat and at times I suffered terribly with rheumatic pains. My back ached all the time and my liver was so sluggish and out of shape that I had a dull headache continually."

"I have taken only two bottles, but I feel like a different man already. My appetite is fine and what I eat gives me nourishment and strength. The rheumatism is much better and my liver is in good condition. I am relieved of the headaches and I feel more active and energetic than I have in months."

Tanlac is sold by Kelly & Pollard and Peoples Drug Store—Adv.

Chicago, Ill.—"I was in poor health for two years, caused by a displacement, and during six months of this time was under a doctor's care without getting any help. I decided to try Lydia E. Pinkham's Vegetable Compound and it made me feel like a new woman. I am entirely relieved of the displacement and periodic pains."

And now the mother of a beautiful healthy baby. I am a graduate nurse and will be glad to recommend Lydia E. Pinkham's Vegetable Compound to other women."—Mrs. R. W. Sloan, 6026 So. Park Avenue, Chicago, Ill.

There are many women who suffer as Mrs. Sloan did and who are being benefited by this great medicine every day. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.

If you need special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.
